

## **The Company Health and Safety Policy**

### **1.2 The Organisation**

The Managing Director, Mr Edgar Potter, is the most senior person, by title, within the company and will ultimately be responsible for all Health and Safety matters.

The Construction Director, Mr Wayne Voysey, will oversee and implement Health and Safety for the company.

The Safety Advisor, will assist and advise the Contracts Director on the implementation of Health and Safety in the work place.

The Company employs Engineers and Foremen to oversee and control the workforce, at a number of sites. In their capacity, they will also be responsible for delivering Health, Safety to the site staff, when visiting the sites, for whom they have immediate control.

The Safety Advisor, through consultation with the Construction Director, will arrange staff training and updating requirements for the workforce.

Accident reporting and RIDDOR 2013 compliance and notification will be made through the company Safety Advisor.
